Report of Two Week FDP on "C Programming"

Date: 6th June - 22nd June 2022

Venue: A 201 & E 409

Speakers:

- Prof S Ramachandram , Vice Chancellor, AU
- Prof S Sameen Fatima, Registrar , AU
- Dr V Vijaya Kumar, Dean R & D, AU
- Dr G Vishnu Murthy, Dean SoE, AU
- Dr K Sudheer Reddy, Dean A&P, AU
- Dr M Sridevi, Assoc.Professor, Dept. of CSE, AU
- Dr P Srilatha, Asst. Professor, Dept of CSE, AU
- Dr D L Padmaja, Assoc.Professor, Dept.of IT, AU
- Mr P Raja Sekhar, Asst.Professor, Dept. of CSE, AU
- Ms M Madhavi, Asst.Professor, Dept. of AI, AU

Description: A Two Week Faculty Development Programme was organized by Anurag Teaching and Learning Center to Non-CS Domain faculty of Anurag University from 6th June to 22nd June 2022. The main motto of conducting this FDP to enable the faculty with programming skills which may be helpful for teaching and research.

The content of the FDP is prepared with right amount of teaching, practicing and assessment sessions. The following is the detailed content and schedule of the FDP

(Formerly Anurag Group of Institutions)

Schedule of "A Two Week FDP on "C Programming""

Time: FN: 10.15Am - 12.45pm & AN: 1.30pm - 3.30Pm

S.No	Topic Name	Date & Time	Trainer Name
1	Introduction, Algorithms, Flowcharts and Pseudocode.	6 th June 2022&FN	Prof. S Ramachandram
2	Overview of C Language: Introduction, Salient Features of C Language, Structure of a "C" Program	6 th June 2022&AN	Prof.S. Sameen Fatima
3	C Language Preliminaries: Keywords and Identifiers, Constants, Variables, Data Types	7 th June 2022&FN	Mr P Rajashekar
4	Input Output Statements with suitable illustrative "C" Programs.	7 th June 2022&AN	Mr P Rajashekar
5	Operators: Assignment Operators, Relational and Logical Operators,	8 th June 2022&FN	Dr. V Vijaya Kumar
6	Increment and Decrement Operators, Bitwise Operators, Ternary Operator, Type conversion and Associativity	8 th June 2022&AN	Dr. V Vijaya Kumar
7	Conditional/Decision Statements: if, if-else, Nested if-else, else-if ladder	9 th June 2022	Dr Sridevi M
8	Switch-Statement with suitable illustrative "C" Programs.	10 th June 2022	Dr Sridevi M
9	Assessment test -1	13 th June 2022	—
10	Loops: For Loop, while and do while with suitable illustrative "C" Programs	14 th June 2022	Dr. K Sudheer Reddy
11	Introduction to Functions, benefits of functions, types of functions,return vs exit()	15 th June 2022	Dr. V Vijaya Kumar
12	Recursion, Storage Classes	16 th June 2022	Mr P Rajashekar
13	Arrays: Introduction to Arrays, One-Dimensional Arrays	17 th June 2022	Dr. G Vishnu Murthy
14	Two-Dimensional Arrays, arrays and functions	18 th June 2022	M Madhavi
15	Strings: Introduction to Strings, String I/O	20 th June 2022	Dr Srilatha P
16	String Operations with and without built-in functions	21 th June 2022	Dr. Srilatha P
17	Assessment Test-2	22 nd June 2022	—

Outcomes:

- Able to Identify structure of the program, data types, operators in C
- Able to use the Conditional and Iterative Constructs
- Able to solve the problems using Arrays and functions

Any constructive Suggestions?

No

Please help us during practice also. we still need some practice. we are half way confident but need to get the programs executed successfully. we need to still develop the culture of thinking logically. all the speakers are outstanding!

we need more practical sessions for hands on experience for c programming Better to

have more instructors during practice sessions

1. Need orientation for taking classes as per syllabus which topic to be covered after which and teaching techniques
2. It will be better if the subject faculty handle the same section lab too.
